John –

I'm working on turning the building RG email into a letter. I expect to get a draft to you and Yolanda shortly. Who should sign the letter – me or you?

Wayne Praskins | Superfund Project Manager
U.S. Environmental Protection Agency Region 9

Subject: RE: RESRAD consultation

Good morning Lawrence.

I tried to respond to this message before but I am not sure it worked. Last Friday, we briefed our Sr. management and received their approval on our draft letter. Wayne will be sending that letter in the next few days. Please call me if you want to discuss further. Thanks for your patience. Angeles

Subject: RESRAD consultation

Angeles,

We have discussed the RESRAD consultation over the past year with little progress. I am reaching out to let you know I will be sending a letter regarding the delays associated with the consultation process at both Hunters Point and Concord. I understand EPA has been evaluating the applicability of RESRAD for buildings since late 2019, although progress appears stalled. We would like to proceed with fieldwork as additional delays will create contractual and property transfer issues. Please let me know If you are able to send the results of the consultation process soon.

Regards
Lawrence
